A NEWSPAPER BY AND FOR EMPLOYEES OF CARBIDE AND CARBON CHEMICALS CORPORATION IN Y-12

Volume 3, No. 9

OAK RIDGE, TENNESSEE

Tuesday, March 8, 1949

ALTHOUGH BILL BURNS, LEFT, AND FRANK GRAGG GATHERED THE LARGEST NUMBER OF PRIZES IN THE Y-12 PLANT-WIDE BOWLING TOURNAMENT HELD MARCH 5 AND 6, AS SHOWN IN THE PICTURE ABOVE, THERE WERE PLENTY TO GO AROUND. BURNS IS A CHEMIST IN DEPT. H12L AND GRAGG A PRECISION INSPECTOR IN DEPT. M12P. FOR COMPLETE DETAILS ON THE TOURNAMENT AND MORE PICTURES TURN TO PAGE THREE.

Automobile Stickers For Entrance Into Controlled Area Of Oak Ridge To Be Issued In Y-12 This Week

Issuance of automobile sticker passes for admission of vehicles of Y-12 employees to the new controlled area that will be created by the Atomic Energy Commission on the opening of Oak Ridge to the public about March 19, will begin in the plant this week. At the same time application forms for passes for members of families of employees who

regularly transport employees to and from work will be issued and passes for the family members issued on completion of the application.

All of the forms will be distributed through Supervision in various departments throughout Y-12. Cards, Stickers Numbered Alike

Employees in Y-12 using their own automobiles on application to their Supervisors will receive a card to be signed pledging that no unauthorized persons will be knowingly brought into the controlled area as a passenger in the employee's car. The cards are numbered serially and after one is signed the employee is issued a sticker with the same number as the card.

This sticker is to be placed on the windshield of the employee's automobile. It is to be stuck on the upper left corner of the right side of the windshield where the loser of the tournament can be seen by guards. At 8:15 p.m. the losers of the tournament are to be completely controlled. Game No. 7, set for 7:15 p.m. Friday, might well be the distributed. The tournament as it brings the family members of the winners to Game No. 5 and Game No. 8.

On the Saturday, March 12, survivor bracket and with the tournament on the line against it, will play Game No. 7 at 7:15 p.m. Tuesday, March 15 after the tournament bracket. Game No. 10, set for Wednesday, March 16, will be the undefeated employee not to know the winner of Game No. 7 will have the top bracket. The regulations governing the new controlled area are described by the Atomic Energy Commission to a minimum of delay in transportation of plant employees to and from work and at the same time maintain adequate security.

When Oak Ridge is declared an open city about March 19 entrance to the controlled area will be limited to six entrances. They are the present Blair, Gallahar and White Wing gates and the new entrances at Kerr Hollow on Bethel Road, Midway on Solway Road and the

(Continued On Page 2)

Y-12 Makes Good Progress In Drive For Red Cross

Substantial progress was being made in Y-12 last week in the 1949 fund campaign for the Oak Ridge Chapter of the American Red Cross. The drive was launched last Tuesday in the plant and just a day or so after the movement was inaugurated some Y-12 departments already had reported 100 per cent participation in the campaign.

At press time of The Y-12 Bulletin last week, however, reports were not complete. Following the pay day of last Friday many more departments were expected to be placed on the 100 per cent participation list and contributions greatly increased.

How Gifts May Be Made

Contributions may be made by cash, check or through payroll deductions, it is pointed out.

The plant Red Cross drive committee is headed by H. O. Ramey, Superintendent of the Employment Department, and was chosen in cooperation with Supervision. Members of the committee include Mrs. Fern Cunningham, Engineering; Howard Harmon, Refining; K. S. Lyle, Stores, Shipping and Receiving; Bruce Whitaker, Manufacturing Offices; Pat Hamrick, Industrial Relations and Wage Standards; L. E. Parsons, Research and Development; W. S. Herron, Chemical; and Nelson Tibbatts, Maintenance.

Early Return of Cards Urged

Pledge cards for the campaign have been distributed throughout the plant and an early return of the cards is urged so that progress of the campaign can be recorded. Last year Y-12 was the first unit in its group in Oak Ridge to report "over the top" in the campaign and an effort is being made to equal that record in even shorter time.

The goal of the Oak Ridge Chapter this year is \$18,500. Of this amount, 90 per cent remains in Oak Ridge to carry out the chapter program. This program closely follows the work carried out by the chapter during the past several years.

Care Urged In Mixing Cigarettes And Automobiles To Bar Damage

Cigarette smoking in bed long has been recognized as one of the world's greatest fire hazards to life and property and the Y-12 Fire Department recently has discovered that cigarettes and automobiles do not mix in any manner tending to promote safety and economy.

In fact, during the past few days more than one Y-12 vehicle has been reported damaged by burns traced to cigarette stubs or live ashes. One such case resulted when the vehicle was unoccupied and it

was believed a cigarette flipped from a nearby window fell into the parked car. Anyhow, a seat was badly damaged. Other damage to interiors of cars have been reported from stubs or ashes falling on upholstery.

Therefore the Fire Department has urged all drivers and passengers to be careful in their smoking habits while riding and to take steps to protect vehicles from possibly having cigarettes carelessly flipped into them by passers-by.

SPECTROSCOPY MEET SET FOR Y-12

Print Event, Portrait Talks Set For Club

A photographic contest on the subject of hands and the last of two sessions on portrait technique will mark the regular monthly meeting of the Carbide Camera Club at 7:20 o'clock tonight in club headquarters in the East Portal of Y-12.

Robin Thompson, former Y-12 employee, is conducting the seminar on portrait photography. At the first meeting in February he demonstrated lighting and posing with Joyce Wendolkowski, Dept. A15N, as model. Several club members made pictures at this session and these will be criticized by Thompson tonight. He also will display some of his own portrait work.

Competition Program Announced
Nat Stetson, Dept. H12E, vice president of the club, has completed the program of competitions for the coming year. The program follows:

- April 12--Black and white prints, portraits.
 - May 10--Color slides, still life.
 - June 14--Black and white prints, children.
 - July 12--Color slides, flowers.
 - August 9--Open date.
 - September 15--Black and white prints and color, open salon.
 - October 11--Black and white prints, print for all.
 - November 8--Color slides, fall landscapes.
 - December 13--Black and white
- (Continued On Page 2)

Two-Day Session Of Symposium Is Scheduled

The first spectroscopy symposium to be sponsored by the three Oak Ridge facilities of Carbide and Carbon Chemicals Corporation will find Y-12 host for the important two-day meeting set for Thursday and Friday, March 24 and 25. Nationally known scientists will attend the symposium and present papers and the meeting will be climaxed with an address by Dr. Robert F. Bacher, member of the Atomic Energy Commission.

Dr. Bacher To Speak March 25
All of the symposium sessions will be held in the Y-12 cafeteria with the exception of the address by Dr. Bacher, which will be delivered at the auditorium of the Jefferson Junior High School at 8:30 p. m., Friday, March 25.

With the symposium scheduled to

Ziemke To Address Class In Safety

Paul C. Ziemke, of the Y-12 Safety Department, will be guest speaker at a meeting of the University of Tennessee credit course class on safety engineering at 6:50 o'clock Monday night, March 14, in Room A112 of the Oak Ridge High School. He will speak on Electrical Hazards. Visitors are invited to attend the class session. G. C. Henderson, Chief Safety Engineer of Y-12, is instructor of the course.

Seven Departments Report All Present

Seven Y-12 departments, all in the Minor League composed of departments with from 15 to 49 employees, reported perfect attendance records for the week ending February 27.

Four Departments Are Repeaters

Four of the seven were repeaters from the previous week. They were Dept. A12N, Special Facilities; Dept. A13T, Transportation; Dept. A19N, Laundry; and Dept. A13S, Tool. Joining this group were Dept. B12A, Superintendents; Dept. A12D, Medical; and Dept. A14J, Fire. They rose from third, fourth and seventh places held the previous week.

Second place in the Minor League went to Dept. M12P, Material Control, which had a perfect record for the previous week and posted a .9 per cent absentee mark for the week ending February 27. Dept. A12N, General Maintenance Office, Planning and Estimating, with an absentee record of 1.3 per cent climbed from ninth place to third for the same week.

Dept. A14N Jumps To Top

In the Major League of departments with more than 50 employees, Dept. A14N, Electrical Equipment Repair and Maintenance, rose from eighth place held for the week ending February 20 to first for the most recent reporting period and had an absentee mark of 1.2 per cent. Dept. A20N, Field Maintenance

Bizet Symphony On Record Program

Deliveries

Three births were reported to Y-12 families at the Oak Ridge Hospital recently. Parents were Mr. and Mrs. Ralph L. Jeffries, a son, February 26; Mr. and Mrs. Homer G. Amerine, a daughter, and Mr. and Mrs. Jesse D. Hopkins, a son, both born on February 28.

The couple now is living in Oak Ridge.

Chemical Society To Hear Talk By Dr. James Webb

The dinner preceding the meeting will be held at the S. & W. Cafeteria. Reservations are not required for the dinner. Members are encouraged to start through the line at the cafeteria promptly a 6:15 p.m. and then proceed upstairs to Room Five.

Playhouse Sets New Production

Ardis Leichsenring, wife of George Leichsenring, Dept. H12E employee in Y-12, is a member of the cast of the production. Bob Tedder is director of the play.

Better Lights Set For Highland View

The work will consist of furnishing and installing 692 fluorescent lighting fixtures in the school. The present 400-ampere service will be replaced by a new 600-ampere system. Work on the project is scheduled to start June 8 and will be completed by August 15.

Stop, look—and lessen accidents

SPORTS NEWS

First Baseball Meet Called For Cardinals

When news from Florida, California and Arizona trickled into Oak Ridge last week that the major league baseballers were at it again in spring training, the bug promptly bit a group of Y-12 diamonders who are veterans of the Cardinals of last year with the result that the first meeting to organize a Y-12 varsity team for the coming season was called. The session will be held at the home of Fred Kappellmann, 120 Venus Road, at 8 o'clock Friday night, March 11, and all veterans of last year's team and "rookies" who wish to try out for the Cards are urged to attend the meeting.

Recreation Supervisor Arnold Tiller has announced that the team will enter whatever Oak Ridge City League is formed for the coming season. Several all-around good players are available for the coming season, including Kappellmann, a right-handed hurler with a lot of stuff when right; Bill Burns, slugging outfielder; Bill Dodson, agile and speedy catcher; L. C. Martin, steady infielder; Frank Thurman, another infielder; McAlister, utility man, and others.

D League Play-Off Set For March 16

The final roll-off to determine the winner of the D League bowling race for the season has been set for Wednesday night, March 16, at the Central Alleys. This event will bring together the Termites, winners in the first round; Splinters, who captured the second round; and the Overheads, who triumphed in the last round that was completed last Wednesday night.

The Overheads finished well out in front in the last round despite losing four points to the Scotties in the last night of play. In other matches the Termites chewed four points from the Strikers, the Splinters and Pinbusters divided four points and the Old Men took three from the Woodchoppers. Individual scoring honors were well divided. Frank Gragg, rolling for the Scotties, posted a 202 scratch single game and Ernie Cobble, of the Termites, had an even 200. Gragg had the best scratch series with 552, followed by Cobble with 534 and Knox, of the Termites, 530. Knox also had the best handicap series with 629, followed by Cobble with 609 and Gragg and Harry Brundage, of the Strikers, each posting 600. Brundage scored the best handicap single game with 237, followed by Cobble with 225 and Gragg with 218.

The Termites took top honors across the board in team scoring with 810 single scratch, 2,351 series scratch, 975 single handicap and 2,846 series handicap.

Y-12 Cagers Played First Tilt In Tourney Monday

The Y-12 varsity basketball team selected by managers of various plant league quintets made its debut in the Southern Appalachian basketball tournament in Knoxville Monday night. The Y-12 team was entered in the Class B group in the tournament that drew a large number of teams from Knoxville and nearby territory.

The Y-12 squad included Ramsey, Prater, Shoemaker, Wright, Grimes, Cottrell, Walton, Crouse, Blankenship, Jefferies, Rice, Kappellmann, Dodson, Trubilcox, Love, Saine, Crabtree and Oliphant.

New stenog: How do you spell "graphic" — with one "f" or two? Boss: Well if you're going to use any, you may as well go the limit.

FIREWORKS SEEN IN PLANT CAGE MEET

Calutrons Take Rubber Game Of Series From Guards To Win Season's Championship In Plant Cage Loop

The Calutrons were crowned champions of the regular season of play in the plant basketball league last Thursday night when they took the rubber game of a three-game play-off series with the Guards. The score of the final tilt was 35 to 16, a distinct reversal of the form from the first two games, each of which was decided by one

point after breath-taking performances by both teams.

The Calutrons copped the first game by the score of 33 to 32 in an overtime period. The Guards came back to square matters with a 28 to 27 win in the second tilt.

However, the third scrap found the Guards far off form and badly missing their sparkplug and high-

in the first quarter, increased to 17-4 at the half and 22-11 at the three-quarter pole.

Cottrell led the Cals in scoring in the dull tilt, tallying 11 points. Oliphant got eight and Ramsey and Crouse seven each. Williams led the Guards in scoring with eight counters, bagging four out of five

(Continued On Page 4)

MOST OF THE PRIZE WINNERS IN THE Y-12 PLANT-WIDE BOWLING TOURNAMENT held March 5 and 6 are shown in the two pictures above. At top is a group of the victors in various classifications while below is the Wolves team of the B League that copped team honors in the event. Seated in the top picture are Rudy Pletz left, and Nick Zabenco, both of Dept. H12D, top doubles team. Standing are Bill Burns, Dept. H12L, Ernie Kennedy, Russell Allstun and Richard Dew, all of Dept. A16N; Ed Sise, Dept. M12D; Bill Schultz, Dept. B12L; and Frank Gragg, Dept. M12P. Members of the Wolves team, from left, are Dew, Kennedy, Sise, Allstun and Gragg. Conrad Roberts, of the Wolves, and J. B. Capehart, another prize winner, were unable to be present when the pictures were made last Wednesday. Complete details of the tournament are given in a news story on this page.

Three Teams Are Tied For C Loop Runnerup

With alley activities nearing conclusion the general situation in the C League tightened up somewhat last week with a three-way tie developing for second place in the loop. The Materializers, dividing four points with the Bldg. 9206 pinmen, managed to hold their four-point advantage on top of the heap.

Guards, Moles In Running

The second place deadlock was between the Thin Pins, Hooks and Orphans. The Pins dropped four to the Guards, the Hooks took three from the Moles and the Orphans rapped the Knucklebusters team three times to create the tie. The Guards and Moles are not far behind the leaders.

Riddle, of the Orphans; and Reinhardt, of the Hooks; took individual scoring honors. Riddle scored a 210 scratch single game and 251 handicap single tilt. Reinhardt's 572 was tops for a scratch series tally and he boosted it to 673 with handicap.

Orphans Hog Team Honors

The Orphans hogged team scoring honors with a 793 scratch single game, hiked to 983 with handicap, and a scratch series total of 2,258. The Guards posted a 2,862 handicap series score for tops.

Gragg And Burns Capture Most Individual Trophies; Wolves Best Team In Pin Meet

It was the Wolves' night to howl down at the Oak Terrace bowling alleys March 5 and 6 as the B League entry in the plant-wide tournament copped first place among the five-man teams and Frank Gragg, valuable member of the quintet, romped away with most of the individual honors.

Apple Knockers Knock Off Jim Crows To Climb Ladder

The Apple Knockers took three from the Jim Crows in the Dept. H12L League last Thursday night to bring their standing to an even .500 while the league-leading Cherry Pickers split four points with the Beetle Baums.

The Beetle Baum's Frazier took most individual honors with a 195 scratch single, 240 handicap single and 623 handicap series scores. Caldwell of the Apple Knockers, got a 507 scratch series tally. The Apple Knockers hogged team honors with a 734 scratch single game, 2,113 scratch series and 2,761 handicap series. The Beetle Baums horned in with a 978 handicap single game.

Tourists: People who travel for thousands of miles to get a kodak picture of themselves standing by the car.

The Wolves rolled a neat 2,496 scratch series and 2,970 handicap score to top the 26 teams entered in the event. Each team member received a trophy.

Gragg Grabs Five Trophies

Gragg bagged five of the handsome trophies offered by the Company in the tournament. He was tops with a scratch series score of 608, handicap series of 674, scratch in all events with 1,742 and first in handicap in all events with 1,940. He also received a trophy as member of the Wolves team.

Closely pushing Gragg for prize snatching was Bill Burns, of the All Stars. He was second in handicap doubles with 1,231, high in handicap single game with 264, second in scratch score for all events with 1,645 and second handicap in all events with 1,897. J. B. Capehart, of the Beetle Baums, was second in handicap series with 644.

Zabenco's Split Wins Doubles
Nick Zabenco, of the Pinbusters; and Rudy Pletz, of the Comets, scored a one-pin victory in the dou-

(Continued On Page 4)

Twin-Bill Tonight Will Open Hostilities

The final stages of plant league basketball in Y-12 will get underway at 7:15 o'clock tonight at the Oak Ridge High School gymnasium and before the shooting ends next Wednesday or Thursday night in the double-elimination tournament the fireworks are expected to be bright and loud.

"Big Shots" Are In Danger

From advance indications dopesters probably will select the Guards and Calutrons to continue their feudin' and fussin' right on through the tournament after their sizzling play-off series for regular season honors. However, prognosticators are liable to be popped right on their prognostication in picking single games such as these and the other six teams in the meet have girded themselves for the battle of their lives to knock off the big shots.

The opening double-header tonight will see the Calutrons and Bldg. 9212 cagers launch hostilities. After this scrap is over the Guards and Rough House Five will tangle at 8:15 p.m. These are Tournament Games No. 1 and No. 2.

Two Teams Draw Byes

Game No. 3 is scheduled for 7:15 p.m. Wednesday night and will bring the winner of the Calutron-Bldg. 9212 clash against the Isotopes, who drew a bye in the first round. The winner of the Guards-Rough House Five wrangle will meet the Sure Shots in Game No. 4 at 8:15 o'clock Wednesday night. The Sure Shots also drew a first-round bye.

The loser's bracket will get underway Thursday night at 7:15 p.m. with Game No. 5. The loser of Game No. 1 will play the loser of Game No. 4 in this one. At 8:15 p.m. Game No. 6 will pit the losers of Game No. 2 and Game No. 3.

Game No. 7 May Be Gem
If the dope heads out and the Guards and Calutrons survive the assaults of their determined rivals, Game No. 7, set for 7:15 p.m. Friday, March 11, might well be the gem of the tournament as it brings together the victors in Game No. 3 and Game No. 4. At 8:15 p.m. the victors in Game No. 5 and Game No. 6 will play Game No. 8.

The victor in Game No. 8, survivor of the lower bracket and with but one defeat against it, will play the loser of Game No. 7 at 7:15 p.m., next Tuesday, March 15 after a week-end rest. This will be Game No. 9 in the tournament bracket.

May Get Winner March 16

The final victor of the event may be known after Game No. 10, set for 7:15 p.m., Wednesday, March 16. In this event, the undefeated top bracket team, winner of Game No. 7, will meet the victor of Game No. 9, which at that time will have only one defeat. If the top bracket team is victorious, the curtain will be drawn, but if the lower bracket team comes out on top another game will be necessary to decide the tournament championship.

This game, if necessary, will be played at 7:15 p.m., Thursday, March 17.

Dodgers Increase Advantage With Victories In W Loop

The Dodgers repulsed a bid of the Kemps in the W League of women bowlers last Thursday night to increase their lead in the loop and monopolized team scoring honors. The Dodgers blanked their foes for three points.

The Wholly Rollers jumped into second place by taking two games from the Beta Pickups and the Controllers blanked the Hi Balls with three victories.

Frazier, of the Betas, topped series scores with 456 scratch and 654 handicap. Betty Sherman got the best scratch game of 181 and Wiggins, of the Dodgers got a 237 handicap single game. The Dodgers swept across the board with 567 scratch single, 1,541 scratch series, 816 handicap single and 2,289 handicap series.

Y-12, K-25 Pinmen Roll For Final Rating

It was possible for the Y-12 men's varsity bowling team to finish as high as second place or a possible tie for that spot in the last half of the season play in the Oak Ridge City League last night when the final roll-offs were held. The Y-12 pinmen met the K-25 keggers in the alley activities last night for their last league appearance of the season.

Y-12 In Four-Way Tie

Prior to the festivities last night the entire league race showed a number of ties. Y-12 was in a four-way deadlock with K-25, Monroe Calculators and the Wholesale Grocers for fourth place. Allards was far out in front and a sure winner in the second half play. Marot Jewelers was second and Clinch Radio and Addressograph tied for third.

After the play tonight to determine the standing for the second half play, the league championship will be decided Saturday night, March 12, when the K-25 team, winners of the first half, meet the red-hot Allards pin smashers. Hostilities begin at 7 o'clock at the Oak Terrace Alleys.

Clinch Radio Tops Y-12

Last week Y-12 dropped two out of three games to Clinch Radio. The game scores were Y-12 794, 872 and 884 for a total of 2,556. Clinch posted 872, 922 and 855 for a total of 2,659. The Y-12 individual scores were bunched with Nick Zabenco leading the pack with 522, followed by Rudy Pletz with 514, Nelson Tibbatts with 507, Ernie Cobble with 502 and Harold Duncan with 501. Tibbatts had the best single game score with 198 and Duncan and Cobble each posted games of 191.

League standing follows:

Team	W L	Team	W L
Allards	45 3	Monroe	25 23
Marot	29 19	Wholesale	25 23
Clinch Radio	27 21	ORNL	20 28
Addressograph	27 21	S. & B.	19 29
K-25	25 23	R-A	16 32
Y-12	25 23	Fairchild	5 43

Gragg And Burns Capture Most Bowling Trophies

(Continued From Page 3)

bles event over Burns and Bill Schultz. Zabenco picked a six-seven split in the last frame to give his side a 1,232 to 1,231 victory. The victors had a 1,073 scratch score against 1,048 for the second place pair. Allstun and Kennedy were third with 918 scratch and 1,194 handicap and Knox and Hagleton with 937 and 1,189 were fourth in doubles.

Other high single scores with scratch and handicap figures for three-game series were posted by Brundage 498-627; Crouse 507-624; Musser 513-624; Crabtree 510-615; Cobble 535-607; Schmitt 499-607; Baker 521-602; and Knox 471-594. Koons Also Scores Split

Another high point of the tournament in addition to Zabenco's split was the most unusual seven-ten pin split pickup by Koons. This is one of the most difficult plays in the game.

Here is how the five men teams finished in the competition by handicap scores:

Wolves 2,970; Dept. A12M 2,907; Termites 2,887; Rippers 2,865; Cherry Pickers 2,864; One-91 2,857; Comets 2,843; Scotties 2,840; Woodpeckers 2,832; Beetle Baums 2,779; Strikers 2,776; All Stars 2,764; Pin Busters 2,754; Moles 2,753; Splin-

Calutrons Take Rubber Game To Take Plant Loop Title

(Continued from Page 3)

free throws. That first battle on Tuesday night was a ding-dong affair with the Calutrons winning out only in the overtime period on a free throw by Long John Ramsey. The boys in blue had a six-point lead with only three minutes to go in regulation time but a desperate rally by the Cals tied it up and the extra period was needed.

George Oliphant, playing his first game in some time with the Calutrons, accounted for 10 points to nine for Ramsey in leading his teammates to victory. The Guards' mainstay was Clevenger with an even dozen counters, closely followed by Shoemaker with nine and Blankenship with eight.

The Calutrons almost repeated history on Wednesday night when the Guards entered the last few minutes of play with what appeared to be a safe lead. However, the Guards had profited by their experience of the previous night and cut off the rally by their rivals. Blankenship and Shoemaker led the Guardsmen to victory in this one with 12 and 10 points respectively with Clevenger adding four and Bentley two. The Cals missed Oliphant in the lineup and it was Ramsey who carried the scoring burden, slashing the nets for 10 points. Cottrell and Crouse got five each, Dodson four, Braden three and Mason one.

As a result of their victory in the play-off for the season's title, the triumphant team members will receive gold basketball watch charms, suitably engraved.

CHILD SAFETY TAUGHT

Teachers of more than 2,000,000 children in elementary grades of United States schools last year received American Red Cross guides for safety instruction. These guides are periodically revised and brought up to date in an effort to reduce the number of accidents involving children en route to or from school.

ters 2,745; Materializers 2,744; Overheads 2,741; Hooks 2,713; Maintenance 2,704; Mules 2,667; Head Pins 2,666; Cubs 2,646; Old Men 2,619; Knucklebusters 2,556; Apple Knockers 2,461; Wood Choppers 2,461.

Two Y-12 Men Named To Posts By Ridge Chorus

John Redman G. J. Nettle

Two Y-12 employees have been elected to posts in the Oak Ridge Community Chorus for the coming year as the musical group makes plans for its next concert scheduled for some time in April.

John Redman, Dept. H12D, has been elected business manager of the Community Chorus, and G. J. Nettle, also of Dept. H12D, is librarian of the group. Other officers of the chorus include Ray Gustafson, president; Ruth Lisso, secretary; and C. E. Weldy, publicity manager.

At the April concert the chorus will present "The Passion According to St. Matthew," by Johann Sebastian Bach. Rehearsals are being held at 7:30 o'clock every Tuesday night in the music room of the Jefferson Junior High School and every resident of Oak Ridge who can read music is invited to join the group in preparation for the concert. Riley Barrett is director of the Community Chorus.

Leaders Lose Ground In B Loop Bowling

The Rippers and All Stars, one-two teams in the B League of plant bowlers, both got bumped for three points by the Mules and Head Pins respectively last Thursday night but the loop standing was not materially changed by the outcome of alley activities at the session.

The One-91 team mounted one rung to third by whitewashing the Cubs for four points. The Wolves took three from the Woodpeckers and the Dept. A12M crew turned the same trick against the Comets. Maintenance and Bums divided.

Individual scoring was widely split. Scratch single honors went to Barker, Head Pins, with 205. Gragg, Wolves, posted high scratch series with 556. Thurman, Dept. A12M, got high handicap single with 239 and Sise, Wolves, rolled the high handicap series of 628.

The Woodpeckers got best scratch and handicap single games with 886 and 1,024. The Wolves duplicated in series scores with 2,469 and 2,958.

Pocket Billiard Team Of Y-12 Lose To K-25; Drops To Last

The Y-12 pocket billiard team in the Oak Ridge City League battled valiantly against the K-25 cuemen February 27 but could only win two points while losing four and dropped to the cellar spot in the loop. There were no lop-sided games in the entire match and only 25 balls separated the two teams in the final score.

Capt. M. C. (Red) Wiest's boys had a good chance to get out of last place last night when they played the Oak Ridge National Laboratory outfit, which has occupied the basement spot for most of the second half of the season. However, next Sunday night Y-12 meets league-leading Roane-Anderson and must be at top form to handle the R-A sharks.

Victories for Y-12 against K-25 were turned in by W. B. Motley over Rassler, 75-72; and Wiest over Sproles, 75-58. K-25 triumphs were scored by Carter over W. C. Walker, 75-67; Linville over C. E. Harris, 75-58; and Gordon over W. Minge, 75-55. The three victories and total balls, 355 to 330, gave K-25 their four points.

GIFT BOXES SHIPPED

The American Junior Red Cross packed and sent approximately 750,000 gift boxes last year to needy children in war-devastated countries.

Union Camera Club Picks Photo Judges

Three outstanding artists have been selected to judge entries in the coming nation-wide picture contest to be staged by the Union Carbide Camera Club in New York City May 19, it has been announced by the print committee of the club. The contest is open to all employees of Union Carbide and Carbon Corporation and its member companies, of which Carbide and Carbon Chemicals Corporation is one.

Judges Are Well Known

The judges in the contest will be Victor Keppler, well-known advertising photographer; Al Dorn, Saturday Evening Post illustrator and president of the Institute of Commercial Art; and Bruce Downs, picture editor of Collier's Magazine.

Several members of the Carbide Camera Club in Oak Ridge, composed of employees of the three Carbide installations here, have expressed interest in the New York contest and it is expected several Oak Ridge entries will be among the pictures on display. A number of outstanding photographs have been made by Carbide Camera Club members during the past several months and entered in the monthly contests held by the club.

Need Not Be Club Member

However, it is stressed that entrants in the New York contest need not be members of the Carbide Camera Club here to participate in the event. It is open to all employees of Union Carbide or one of its units.

In the New York contest the picture voted outstanding by the judges will be the "Picture of the Year." The photographer entering the prize winning picture will be awarded a beautiful sterling silver cup, suitably inscribed, designed and made by the famous Tiffany jewelry concern of Fifth Ave., New York. This trophy will become the permanent property of the winner.

Many Other Prizes Awarded To give all employees of the various Union Carbide units throughout the country a chance for honors, three prizes and three honorable mention citations will be awarded out-of-town entries in addition to similar prizes for the members of the Union Carbide Camera Club, composed of employees of the company in New York.

Simple rules cover the contest. They are:

1. Entrants must be an employee of Union Carbide or one of its units.
2. Only one picture may be entered by a contestant.
3. Pictures may be of any size but must be on a 16 by 20 inch mount to insure uniformity in exhibition.

Prospective entrants in the contest are urged to prepare their favorite picture now and mail it to the Print Committee, Carbide Camera Club, 30 East 42nd St., New York, 17, New York.

Y-12 Keglerettes Top K-25 Cousins

The Y-12 women bowlers in the Oak Ridge City League grabbed two out of three games from their K-25 cousins last Thursday night. The Y-12 lassies posted scores of 711, 701 and 600 for a total of 2,012, to games of 703, 624 and 627 for a total of 1,954 for K-25.

The Y-12 women bowlers will meet the Oak Ridge National Laboratory keglerettes this week.

Badminton Team Of Y-12 Wins

The K-25 badminton artists were no match for the Y-12 outfit last Thursday night, as Y-12 pulled out an 8 to 2 triumph to hold second place in the Oak Ridge City League. Oak Ridge National Laboratory is leading the league with 41 games won and nine lost, Y-12 has 33 victories and 17 losses, K-25 has a mark of 22 and 28 and Fairchild has been battered around for a 4 and 46 mark.

Observe all plant security rules—it is your outstanding duty.

Bettye Hughey Star Majorette, Also Instructs

Bettye Hughey

That high-stepping young majorette seen agilely whirling a baton at sports events involving the Jefferson Junior High School band and leading numerous parades in Oak Ridge during the past three years is Bettye Hughey—pretty, 14-year-old daughter of Y-12 Fire Chief J. W. Hughey.

Bettye's baton wielding has been going on for a long time—her proud father declares—ever since she was old enough to hold a wand in her hand. Her first public appearance was at the age of five when she was flower girl in the Memphis Cotton Carnival and she continued to be active in entertainment, music and her favorite hobby of baton acrobatics as a member of the Lamar Community Club band, also in Memphis.

Now in the ninth and highest grade at the Jefferson Junior High School, Bettye not only proudly steps out at the head of the school band but also teaches other students the knack of spinning the stick. According to Miss Alice Lyman, band director, she does an excellent job of instructing.

Dr. C. C. Shull Will Conduct Joint Physics Seminar Meet

The Joint Physics Seminar session set for Friday, March 11, will be addressed by Dr. C. C. Shull, of the Physics Division of the Oak Ridge National Laboratory. The meeting will be held at 4 p.m. in the East Lounge of the Ridge Recreation Hall.

Neutron diffraction studies have been carried out at the Oak Ridge National Laboratory since 1946 by Dr. E. O. Wollan and Dr. Shull with the idea of establishing various crystal and nuclear scattering properties. These studies have been of interest because of their basic nuclear physics implications and also because of their usefulness in extending X-Ray and electron diffraction studies of crystal structure. Numerous applications in both fields have been made, and these will be described along with the experimental techniques which have been developed.

ATOMIC WORK SAID SAFE

Dr. Robley Evans, Massachusetts Institute of Technology scientist who is in charge of building a cyclotron for the institute, is quoted in a recent news story as terming manufacture of atomic products the safest of all industries. Dr. Evans cites safeguards inaugurated to prevent recurrence of attacks of eye cataracts reported by five physicists engaged in atomic energy research.
